Editor-in-Chief
Jurnal Ilmu Lingkungan

Dear Editor-in-Chief,

We are pleased to submit our manuscript entitled “Microbiological Assessment of Escherichia coli Contamination in Branded and Unbranded Soy Milk Sold in Indonesia” for consideration for publication in Jurnal Ilmu Lingkungan. This study aimed to assess the presence and concentration of E. coli in branded and unbranded soy milk sold at Bandungan Market, Semarang Regency, Indonesia. All authors have read and approved the final version of the manuscript and confirm that the study is original, has not been published previously, and is not under consideration elsewhere. This research complies with ethical standards of Universitas Dian Nuswantoro and adheres to the principles of the Committee on Publication Ethics (COPE).

We believe this paper will be of interest to your readers, particularly those focused on food hygiene and microbial contamination in the context of environmental quality and consumer safety.
