Dear Editor,

**Submission of manuscript for consideration in The JAI (Jurnal Anestesiologi Indonesia)**

We are pleased to submit our manuscript entitled “Tatalaksana Badai Tiroid dan Aritmia di ICU: Laporan Kasus Serial / Management of Thyroid Storm and Arrhythmia in the ICU: Serial Case Report” for consideration as a research article in The JAI (Jurnal Anestesiologi Indonesia). We confirmed that this manuscript has not been previously published and is not under consideration in the same or substantially similar form in any other peer-reviewed media

Our study describes the importance of consider about the diagnosis of thyroid storm when a patient comes to the emergency room, even though the clinical picture varies for each and the importance of handling it in the intensive care unit. Even though it has been treated as best as possible, the high level of severity of thyroid storm causes a high risk of death. This paper is of interest to your readers because it has intensive care.

All of the authors listed have contributed sufficiently to the project acknowledgements and funding sources have been included after the discussion.

Sincerely,
