Dear Editorial The Indonesian Journal of Nutrition,

We wish to submit an original research article entitled " Pengaruh pemberian buah naga merah, jambu biji merah, dan kombinasinya terhadap kapasitas antioksidan total dan kadar malondealdehid pada remaja perokok" for consideration by the Indonesian Journal of Nutrition.

We confirm that the corresponding author and all of the authors have read and approved the final submitted manuscript. No portion of the work has been or is currently under consideration for publication elsewhere. No portion of the manuscript, other than the abstract, has been previously published or posted in the Internet. None of the authors have any conflict of interest.

This study was approved by the institutional review board Health Research Ethics Committee of Faculty of Medicine, Sebelas Maret University with ethical number 461/UN27.06/KEPK/2019, and all procedures involving human subjects were performed following ethical standards. Subjects provided informed consent and patient anonymity was preserved.

We believe that this manuscript is appropriate for publication Indonesian Journal of Nutrition because of its practice of clinical nutrition and related disciplines in their application to health and the prevention of disease.

Thank you for your consideration of this manuscript.

Best regards,

Mohammad Zainul Ma'arif
