The front cover illustrates the sketch of leaves and seeds of legume and grass forming a buffalo’s horn (designed by Agung Purnomoadi)
History

MEDIA was the first academic bulletin at Faculty of Animal Science and Fisheries, Diponegoro University in 1975. Along with the development of livestock and fisheries field in the faculty, the faculty was splitted into the Faculty of Animal Science and Faculty of Fisheries. Consequently, there was a change of the journal name from MEDIA to Jurnal Pengembangan Peternakan Tropis (JPPT) in 1998.

JPPT awarded accreditation at the first time in 1999 by Directorate General of Higher Education, Republic of Indonesia. The accreditation was obtained every three years until 2011. JPPT is published on March, June, September and December.

JPPT was awarded the internationalization grant from 2009 to 2011. Consequently, JPPT no longer publish’s articles in Indonesian, but all articles have been published in English since September 2009. The name of JPPT, therefore, was changed officially to Journal of the Indonesian Tropical Animal Agriculture (JITAA) in 2009.

JITAA was accredited for a period of five years from 2011 to 2016. JITAA was accredited again by Directorate General of Strengthening for Research and Development-Ministry of Research, Technology and Higher Education-Republic of Indonesia in 2016 for a period of five years started from November 18, 2016 with No 60/E/KPT/2016. JITAA as the open access journal has been indexed by Scopus, Scimago Journal & Country Rank (SJR), Emerging Sources Citation Index (ESCI)-Clarivate Analytics, Asean Citation Index (ACI), Directory of Open Access Journal (DOAJ), Google Scholar, CAB International, EBSCO, SHERPA/RoMEO, GARUDA (Garba Rujukan Digital), Sinta-Science and Technology Index, Feedipedia and Crossref.

Aims and Scopes

Journal of the Indonesian Tropical Agriculture (JITAA) is a double blind peer-reviewed publication devoted to disseminate all information contributing to the understanding and development of animal agriculture in the tropics by publication of original research papers. The topics of research are not only on Indonesian tropical animal agriculture, but also on other tropical regions of the world. The journal covers all aspect relating to animal agriculture, including animal breeding and genetics, animal feeding and nutrition, animal reproduction, animal biotechnology, animal physiology, animal production and technology, animal products technology, animal management and economics, animal products processing and animal by-products, animal microbiology, livestock farming systems, and other topics in relation to animal sciences.

Publication Ethics and Malpractice Statement

SECTION I: Publication

1. All submitted manuscript are reviewed by at least two reviewers who expertise in their subject.
2. The originality, soundness, novelty and language are factors that are taken into account in review by reviewers.
3. The results of review are categorized into eligible to publish in Journal of the Indonesian Tropical Animal Agriculture (JITAA) without revision, eligible to publish in JITAA with minor revision, eligible to publish in JITAA with major revision, and rejection.
4. If authors are encouraged to revise and resubmit a manuscript, then there is no guarantee that the revised submission will be accepted.
5. Rejected manuscript not be re-reviewed.

SECTION II: Editor

1. Editors have full responsibility and authority to reject/accept an manuscript.
2. Editors should guarantee the quality of the papers published in JITAA.
3. Editors should provide all information needed by authors to improve the publication.
4. Editors should preserve the identity or anonymity of reviewers.
5. Editors should publish errata page when needed.
6. Editors should not allow any conflicts of interest among authors, reviewers and board members.

SECTION III: Authors
1. Authors have to certify that the manuscript has not previously been published or is not being considered for publication elsewhere.
2. Authors have to certify that manuscript submitted is free from plagiarism.
3. Authors state that experiment conducted is according to national, international or applicable regulations for conducting scientific research.
4. Authors have to follow the rule of guideline of JITAA.
5. Authors state that all data analyzed are real.

SECTION IV: Reviewers
1. Reviewers should evaluate a manuscript solely on academic merits, in which if a conflict of interest is detected it should be immediately notified to the editor.
2. Reviewers have to keep all information relating to the manuscript reviewed.
3. Reviewers should review a manuscript objectively.
4. Reviewers should notify clearly on unclear statement written by authors.
5. Reviewers should not review manuscripts in which they have conflicts of interest resulting from competitive or relationships with any of the authors.
6. If plagiarism is detected, reviewers should notify the editors immediately.

Authors could refer to International Standards for Editors and Authors (https://publicationethics.org/search?t=international-standards) by COPE (Committee on Publication Ethics)
CONTENTS

Association of SNP T125A on KiSS1 gene with reproduction hormone levels in Kaligesing goat - G. Hardyta, D.T. Widayati and D. Maharani 253 - 260

Comparison of different cryoprotective agents on swamp buffalo semen cryopreservation - M.T. Herbowo, R.I. Arifiantini, N.W.K. Karja and R.G. Sianturi 268 - 276

Motility characterization of albumin sexed spermatozoa in two different diluents and additional antioxidant - D. Ratnawati, M. Luthfi, D. Pamungkas and L. Affandhy 277 - 286

Hematological and blood metabolite response in relation to the conception rate of Pasundan cows with synchronized estrous and ovulation - E. N. Setiawati, M. Y. Sumaryadi and D. M. Saleh 287 - 297

Durian seed meal for commercial layers: performance, nutrient retention and egg quality - I. Mangisah, V. D. Y. B. Ismadi, B. Sukamoto, F. Wabyono and S. Sugiharto 298 - 304

Cholesterol-lowering activity of lactic acid bacteria and yeast when used as probiotics in laying quail (Coturnix coturnix Japonica) - L. Istiqomah, A. A. Sakti, A. Sofyan, H. Herdian and A. S. Anggraeni 305 - 319

Effect of Fermented used rice as a functional feed on biochemical and haematological parameters, microbial population, internal organ weight and performance of broilers - T. Yudiarti, E. Widiastuti, H. I. Wahyuni and Y.B. Pramono 320 - 327

The effect of probiotic nutrition of Saccharomyces boulardii and Saccharomyces cerevisiae on yield, antioxidant activity and expression of interleukin-6 gene in Holstein calves - S. Sabooni, M. Chamani, A.A. Sadeghi, M. Amin-Afshar and N. E. J. Kashan 328 - 337

Study of physic and organoleptic of butter developed using milk from cow and goat reared in Sleman Regency, Yogyakarta, Indonesia - T. W. Murti, M.W. E. Pradana, A. D. Nurasri and M. Arlinda 338 - 347

Intestinal morphology and growth performance of the Indonesian indigenous crossbred chickens supplemented with formic acid and Saccharomyces cerevisiae - S.N. Erya, H.I. Wahyuni, T. Yudiarti, E. Widiastuti and S. Sugiharto 348 - 355

A study on farmers’ choice in integrating paddy and cattle farming as farm management practices - N. A. A. Widarni, T. A. Kusumastuti and A. R. S. Putra 356 - 364

An income analysis of beef cattle fattening system and its contribution to the total household income in Central Java Province - E. Prasetyo, T. Ekowati and S. Gayatri 365 - 372
