

Dear Editor, Journal of Pembangunan Wilayah dan Kota

I hope this message finds you well. I am writing to submit our manuscript titled "Comprehensive Bibliometric Analysis of Land Use Change and Environmental Impacts: Trends, Novelty, and Research Directions" for consideration for publication in the Journal of Urban and Regional Development.

This study provides a thorough bibliometric analysis of the research landscape surrounding land use change and its environmental implications from 1986 to 2025. By identifying key authors, institutions, and thematic areas, we aim to contribute valuable insights into the evolving discourse in this critical field. Given the journal's focus on urban development and environmental issues, we believe our findings will resonate with your readership and stimulate further research and discussion.

We appreciate your consideration of our manuscript and look forward to your feedback.

Thank you for your time and attention.

Sincerely,

Dian Hudawan S
